The principal activities of the company

Group:

The groups' activities include design and production of children's clothing and related services.

Parent company:

Morilo Holding ApS's principal activity, as in previous years, has been to own shares.

Development in activities and financial matters

Group:

Molo's journey sprang out of curiosity and a drive to radically change the existing children's fashion world, which was, in 2003, less vibrant and colorful. Since its conception, Molo has seen its role as the brand that provides "favorites" for every child's closet.

This concept has always been well accepted in the marketplace and has given the group a strong and sustainable competitive advantage.

After some troublesome years due to Covid-19, heavily increased logistic and production cost along with insecurity and increased competition in the retail market, 2023 turned out very positive on the topline, returning to prior years' high with strong performance and positive sell-through with the group's customers around the world. Molo is generally speaking gaining further momentum globally and has during the year succeeded in further manifesting itself as one of the strongest affordable luxury childrenswear brand globally.

Net earnings also improved compared to 2022, it is however still below Management expectations. In 2023 a couple of decisions were made in terms of investing money in customers and advertising, something that is expected to benefit the group in the near future. Molo's own retail division also continued to be somewhat under pressure mainly due to falling footfalls in both Denmark, Sweden, France, and Germany, but despite that the group managed to maintain acceptable earnings due to effective cost control. 2024 will continue to be challenging as the market is highly competitive and being relevant to the consumer requires a continuous effort.

The continued shift in and between the regular brick and mortar stores and e-commerce's also continue to create a puzzling market to maneuver in, a market that is still trying to find its way, and in an effort to try and navigate the group has made a calculated and cautious decision to select customers with whom the group will continue to work, a decision that continues to put pressure on the top line. Long term the group is confident that we have made the right decision in terms of customers and way of working, but further changes in the organization, way of working etc. needs to be implemented to ensure that this can be done in an economic and financially sound and proven way.

Management considers this year's financial performance acceptable, and a truly positive step in the right direction in terms of returning to an acceptable level of profit. It is, however, still expected that 2024 continues to have much uncertainty around the increasing number of conflicts around the world, that potentially could affect topline and profit, but Management is confident that 2024 will deliver acceptable profit.

Parent company:

The Company's financial performance in the financial year amounted to a profit of DKK thousand 5.119.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

Follow-up on previous forecasts
Group and the parent company:
The group achieved its forecast for the year in terms of topline, and only slightly missed profit due to a conscious decision to invest money in addition advertising throughout the year.

The expected development
Group and the parent company:
With the Corona epidemic in most parts of no longer being an issue, or at least a minor and unimportant one, the group is however concerned about energy prices, inflation and the continuation of the Russia and Ukraine boarder dispute, could be somewhat disruptive, but Management, however, still expects that the group in 2024 will see topline and earnings on an acceptable level.

Special risks
Group:
Exchange rate risks:
The group uses financial instruments to counter fluctuations in exchange rates.

Production cost conditions:
It is expected that production costs in general will increase in the coming years. The group, however, has initiated a number of initiatives to meet this development. The group has a restrictive control and management of its suppliers to minimize damage to the external environment.

Know-how resources
Group:
The group does not use essential knowledge resources that are of importance to the future earnings.

Climate Conditions
Group:
In 2017 the group initiated a Climate Mission Statement that includes but are not limited to carefully consider all aspect of the production af children’s clothes, something the following certifications is an important part of.

The group is GOTS, OCS and GRS certified (*Certified by Ecocert Greenlife, certification no. 197496), whereby being a GOTS, OCS ad GRS certified group means that the group highly values more responsible materials and processes.

On that note the group continues to see very notable positive effects on and from prior years investments in more responsible practices with a high and increasing number of all garments now being certified.

Events subsequent to the financial year
Group and the parent company:
No events have occurred subsequent to the balance sheet date, which would have a material impact on the financial position of the group.

The Board of Executives have today discussed and approved the annual report for the the financial year 1 January - 31 December 2023 for Morilo Holding ApS.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion the consolidated financial statements and the Parent Company's financial statements give a true and fair view of the Group's and the Parent Company's financial position at 31 December 2023 and of the result of the Group and the Parent Company's operations and the Group's cash flow for the financial year 1 January - 31

In our opinion the management's review includes a fair review about the matters the review deals with.

We recommend that the annual report be approved at the annual general meeting.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

To the shareholders of Morilo Holding ApS

Opinion

We have audited the Consolidated Financial Statements and the Parent Company Financial Statements of Morilo Holding ApS for the financial year 1 January to 31 December 2023, which comprise the accounting policies applied, the income statement, the balance sheet, statement of changes in equity and notes for both the Group and the Parent Company as well as the cash flow statement for the Group.

The Consolidated Financial Statements and the Parent Company Financial Statements are prepared under the Danish Financial Statements Act.

In our opinion, the Consolidated Financial Statements and the Parent Company Financial Statements give a true and fair view of the Group's and the Parent Company's financial position at 31 December 2023, and of the results of the Group and Parent Company's operations and the Group's cash flows for the financial year 1 January to 31 December 2023 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the below section "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and the Parent Company Financial Statements section".

We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Consolidated Financial Statements and the Parent Company Financial Statements

Management is responsible for the preparation of Consolidated Financial Statements and Parent Company Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of Consolidated Financial Statements and Parent Company Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements and the Parent Company Financial Statements, Management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Consolidated Financial Statements and the Parent Company Financial Statements unless Management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and the Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements and the Parent Company Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements and Parent Company Financial Statements.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

* Identify and assess the risks of material misstatement of the Consolidated Financial Statements and the Parent Company Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

* Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.

* Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

* Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Consolidated Financial Statements and the Parent Company Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements and the Parent Company Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.

* Evaluate the overall presentation, structure and contents of the Consolidated Financial Statements and the Parent Company Financial Statements, including the disclosures, and whether the Consolidated Financial Statements and the Parent Company Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

* Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

Statement on the Management's review
Management is responsible for Management's Review.

Our opinion on the Consolidated Financial Statements and the Parent Company Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements and the Parent Company Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Consolidated Financial Statements or the Parent Company Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management's Review is in accordance with the Consolidated Financial Statements and the Parent Company Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of Management's Review.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

The annual report has been prepared in accordance with Danish financial statements legislation as well as generally accepted accounting principles.

The annual report has been prepared in accordance with the reporting requirements of the Danish Financial Statements Act of class C enterprises for medium-sized enterprises.

The accounting policies have not been changed from last year.

RECOGNITION AND MEASUREMENT

The financial statements have been prepared based on historical cost.

The income is recognised in the income statement as earned. Further to this, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Furthermore, all costs incurred to earn the profit or loss for year have been recognised in the income statement, including amortisation, depreciation, write-down and provisions as well as reversals as a consequence of changed accounting estimates of amounts previously recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow into the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described below for each financial statement item.

Certain financial assets and liabilities are measured at amortised cost, by which a constant redemption yield is recognised over the term. Amortised cost is calculated as original cost less instalments and addition/deduction of the accumulated amortisation of the difference between cost and the nominal amount. Thereby, capital and exchange losses or gains are allocated over the term.

On recognition and measurement, anticipated losses and risks that appear before presentation of the annual report and which confirm or invalidate affairs or conditions existing at the balance sheet date are considered.

The functional currency is Danish kroner, DKK. All other currencies are considered foreign currencies.

FOREIGN CURRENCY TRANSLATION

During the year, transactions in foreign currencies have been translated applying the exchange rate at the transaction date. If currency positions are considered hedge of future cash flows, the value adjustments are recognised directly in equity.

Receivables and debt denominated in foreign currencies have been recognised at the exchange rate of the balance sheet date.

Realised and unrealised exchange gains and losses have been recognised in the income statement under other financial income and expenses.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

DERIVATES

At their initial recognition, derivatives are recognised at cost in the statement of financial position. Hereafter, they measured at fair value. Positive and negative fair values of derivatives are recognised under other receivables and payables, respectively.

Changes in the fair value of derivate financial instruments classified as and meeting the criteria for hedging the fair value of a recognised asset or a recognised liability are recognised in the income statement together with changes in the fair value of the hedged asset or the hedged liability.

Changes in the fair value of derivate financial instruments classified as hedging of future cash flows are recognised in other receivables or other payables, and in equity.

If the future transaction results in the recognition of assets or liabilities, amounts previously recognised in equity are transferred to the cost of the asset or the liability, respectively. If the future transaction results in income or costs, amounts recognised in equity on a continuing basis are transferred to the income statement for the period in which the hedged item affected the income statement.

CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements comprise the parent company Morilo Holding ApS and those group enterprises of which Morilo Holding ApS directly or indirectly owns more than 50 % of the voting rights or in other ways exercise control.

The consolidated financial statements have been prepared as a summary of the parent company's and the group enterprises' financial statements by adding together uniform accounting records calculated in accordance with the group's accounting policies.

Investments in group enterprises are eliminated by the proportionate share of the group enterprises' equity at the acquisition date.

In the consolidated financial statements, the accounting records of the group enterprises are recognised by 100%. The minority interests' share of the profit for the year and of the equity in the group enterprises, which are not 100% owned, is included in the group's profit and equity, but presented separately.

Purchases and sales of minority interests under continuing control are recognised directly in equity as a transaction between shareholders.

Investments in associates are measured in the statement of financial position at the proportionate share of the enterprises' equity value calculated in accordance with the parent company's accounting policies and with proportionate elimination of unrealised intercompany gains and losses. In the income statement, the proportional share of the associates' results is recognised after elimination of the proportional share of intercompany gains and losses.

The group activities in joint operations are recognised in the consolidated financial statements record by record.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

NON-CONTROLLING INTERESTS

Non-controlling interests constitute a share of the group's total equity. By distribution of net profit, profit or loss for the year is distributed on the share attributable to the non-controlling interests and the share attributable to the parent's shareholders respectively.

INCOME STATEMENT

The income statement has been classified by nature.

Gross profit/loss

The Company has aggregated the items "revenue", "other operating income", "change in inventories of goods for resale" as well as "external expenses".

Revenue

Revenue is recognised in the income statement if delivery and passing of risk to the buyer have taken place before the end of the year and if the income can be determined reliably and inflow is anticipated. Recognition of revenue is exclusive of VAT and taxes and less any discounts relating directly to sales.

Other operating income

Other operating income includes financial statement items of a secondary nature in relation to the primary activity of the enterprise, including profit on sale of fixed assets and compensation due to the coronavirus situation.

External expenses

Other external costs comprise costs incurred for distribution, sales, advertising, administration, premises, loss on receivables, and operational leasing costs.

Staff costs

Staff costs include wages and salaries including holiday pay and pensions and other social security costs etc. to the Company´s employees. Staff costs are reduced with payments received from public authorities.

Other operating expenses

Other operating expenses include financial statement items of a secondary nature in relation to the primary activity of the enterprise, including loss on sale of fixed assets and transfer pricing adjustment of group entities.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

Income from investments in group enterprises
Income from investments in group enterprises comprises the pro rata share of the group enterprises' operating profit/loss adjusted for internal profits and losses.

Other financial income and other financial expenses
Financial income and expenses is recognised with amounts concerning the financial year. Financial items comprise interest, realised and unrealised exchange gains and losses, amortisation of debt to mortgage credit institutions as well as interest surcharge and interest reimbursements under the Danish Tax Prepayment Scheme.

Tax on profit or loss for the year income taxes
Tax on profit or loss for the year represents 22% of the book profit or loss adjusted for non-taxable and non-deductible items.

Tax on profit or loss for the year consists of the anticipated tax portion of the taxable income for the year adjusted for the changes for the year in deferred tax. Changes in deferred taxes due to adjustments of tax rates is recognised in the income statement.

The Company is jointly taxed with other Danish group enterprises with Morilo Holding ApS as management company. The tax effect of the joint taxation is allocated among the group enterprises in ratio to their taxable income according to the rules on full allocation with a refund for tax losses of the Danish Corporation Tax Act.

Corporation tax relating to the financial year which has not been settled at the balance sheet date is to be classified as corporation tax in receivables or liabilities other than provisions.

Joint tax contributions between the jointly taxed companies which have not been settled at the balance sheet date are classified as joint tax contributions in receivables or liabilities.

The Company is subject to the Danish Tax Prepayment Scheme. Interest reimbursement and interest surcharge have been recognised in financial income and expenses.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

BALANCE SHEET
The balance sheet has been presented in account form.

ASSETS

Intangible assets
Intangible assets are measured at cost less accumulate amortisation.

Cost comprises the acquisition price as well as costs directly related to the acquisition until the time when the asset is ready to be put into operation.

Assets are amortised on a straight-line basis over their estimated useful lives:

Goodwill	3-10 years

As the intangible assets are not being traded in an active and effective market, no residual values after end of use are included when determining the amortisation period.

The amortisation period for goodwill is determined as an overall assessment of the acquired company´s market position, earnings profile and expectations of customers loyality, which within reasonable limits is based on historical data/registrations.

Property, plant and equipment
Property, plant and equipment are measured at cost less accumulate depreciation. The basis of depreciation is cost less estimated residual value after the end of useful life.

Cost comprises the acquisition price as well as costs directly related to the acquisition until the time when the asset is ready to be put into operation.

The costprice for an asset is divided into separate components, that are depreciated separately, if the useful life of the individual components is significantly different.

Depreciation is initiated when the assets are ready to be taken into operation. Assets are depreciated on a straight-line basis over their estimated useful lives with following residual values:

	Useful lives	Residual value
Leasehold improvements	3-10 years	0-20%
Other fixtures, etc.	3-10 years	0-10%

Minor purchases with useful lives below one year have been recognised as an expense in the income statement in external expenses.

Profit/loss on sale or retirement has been included in the income statement under gross profit or loss and other operating expenses.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

Leasing

Property, plant and equipment that are assets held under lease and meet the conditions for financial leasing are accounted for according to the same guidelines as owned assets. Assets held under lease are recognised in the balance sheet at the lower of fair value and present value of the future lease payments. On calculation of the present value, the internal interest rate of the lease is applied as discount factor or an approximate value thereof. Assets held under finance lease are depreciated and written down according to the same policies as are determined for the Company's remaining fixed assets.

The capitalised remaining lease commitment is recognised in the balance sheet as a liability other than provisions, and the interest portion of lease payments is recognised over the term of the lease in the income statement.

Remaining leases are considered operating lease. Payments in relation to operating lease are recognised on a straight-line basis in the income statement over the term of the lease.

Impairment of non-current assets

The carrying amount of intangible assets, leasehold improvements and plant and equipment is reviewed annually for indication of impairment for loss, apart from what is expressed by usual amortisation and depreciation. If this applies, impairment for loss is made of each asset or group of assets, respectively, to lower recoverable amount.

As recoverable amount, the higher of expected net selling price and net present value is applied. The net present value is calculated as the present value of the anticipated cash flows from the use of the asset or the group of assets.

Impairment for loss for the year is recognised in the income statement as amortisation, depreciation and impairment for loss of property, plant and equipment and intangible assets.

Investments in group enterprises

Investments in group enterprises have been recognised according to the equity method, so that the investment is measured at the pro rata share of the group enterprises' net asset value adjusted for internal dividends and gains.

Foreign group enterprises' profit or loss and equity have been translated into DKK. Exchange adjustments arising on translation of the foreign group enterprises' equity at the beginning of the financial year as well as profit/loss for the financial year are taken to equity.

Distributable reserves in group enterprises which are distributed as dividends to the parent at the balance sheet date are included in the value of investments.

Group enterprises with negative net asset values are measured at zero, and any receivable from such enterprises is written down by the Parent's share of the negative net asset value to the extend deemed irrecoverable. If the negative net asset value exceeds the amount receivable, the remaining amount is recognised in provisions to the extent the Parent has a legal or constructive obligation to cover the relevant enterprise's liabilities.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

Acquisition of group enterprises are recognised at cost. The difference between the cost price and the net asset value of the acquired company, which appears at the time of establishing the consolidation, is as far as possible allocated to the assets and liabilities whose value is higher or lower than the carrying amount. A remaining positive difference is treated as goodwill and included in the value of investments, which is amortised in the income statement over 5 years. The depreciation period is based on an assessment of the market position, earnings prfile, and expectations of customers loyality. A negative difference, reflecting an expected cost or an unfavourable development, are recognised as income in the income statement in the year of acquistion.

The total net revaluation of investments in group enterprises is allocated via the profit distribution to "reserve for net revaluation according to the equity method" under equity. The reserve is reduced by dividend distributions to the Parent and is adjusted by changes in equity in the group enterprises.

Other receivables (fixed assets)
Other receivables recognised under fixed assets comprise rental deposits measured at amortised cost. In events when the carrying amount exceeds the recoverable amount, impairment for loss is made to such lower value. Impairment for loss for the year is recognised in the income statement as impairment for loss of financial assets.

Inventories
Inventories are measured at cost according to the FIFO method. In the event of cost exceeding net realisable value, write-down is made to this lower value.

Cost of goods for resale as well as raw materials and consumables comprises purchase price plus landing costs.

The net realisable value of inventories is calculated at the amount expected to be generated by sale in the process of normal operations with deduction of selling expenses and costs of completion. The net realisable value is determined allowing for marketability, obsolescence and development in expected sales sum.

Receivables
Receivables are measured at amortised cost which usually corresponds to nominal value. The value is reduced by write-down for bad debt according to an individual assessment.

Cash at bank and in hand
Cash at bank and in hand comprise cash at bank and in hand.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

EQUITY AND LIABILITIES

Equity
Management's proposed dividends for the financial year is disclosed as a separate item in equity.

Provision for deferred tax
Deferred tax is measured according to the liability method. Provision has been made for deferred tax by 22 % on all temporary differences between carrying amount and tax-based value of assets and liabilities.

Deferred tax is also measures with respect of the planned use of the asset and the settlement of the liability. The tax value of the tax losses to be carried forwardare included in the calculation of deferred taxes if it is probable that the losses can be used.

The tax-based values of tax losses carried forward are included in the statement of deferred tax if it is probable that the losses can be utilised.

Other provisions
Other provisions include loss on returned goods. Other provisions are recognised when there is a legal or actual obligation arising from an event that occurred before the balance sheet date and it is probable that a settlement of the obligation will result in an outflow of resources. Provisions are measured at net present value.

Financial liabilities
Other liabilities other than provisions have been measured at amortised cost which corresponds to nominal value.

Deferred income
Deferred income comprises income received relating to subsequent years.

Penneo dokumentnøgle: SMHF1-Z6U0F-Z3E64-PT3UI-OY8U8-VZQQW

CASH FLOW STATEMENT

The cash flow statement shows the Group's cash flows for the year as well as the Group's cash and cash equivalents at year-end.

Cash flows from acquisitions and divestments are shown separately under cash flows from investing activities. In the cash flow statement, cash flows regarding acquired companies are recognized from the date of acquisition and cash flows from divested companies are recognized until the transfer date.

Cash flows from operating activities have been calculated as profit or loss adjusted for non-cash operating items, financial income and expenses paid, corporation taxes as well as increase and decrease in inventories, trade receivables, trade payables and other changes in assets and liabilities other than provisions deriving from operations.

Cash flows from investing activities comprise payments in connection with acquisition and sale of fixed assets as well as payments in connection with acquisition and divestment of companies.

Cash flows from financing activities comprise payments from inception and repayment of long-term liabilities other than provisions as well as payments made to and received from shareholders.

Cash and cash equivalents comprise cash and cash equivalents as well as operating credits at credit institutions included in the cash management and are thus exposed to significant changes in both positive and negative directions during the year.

In accordance with the Danish Financial Statements Act §86,4 the Parent Company has not prepared cash flow statement.

FINANCIAL HIGHLIGHTS

The ratios have been prepared in accordance with the online version of "Guidelines and ratios" from The Danish Finance Analysts Society.

The ratios have been calculated as follows:

$$\text{Solvency} = \frac{\text{Equity at year-end} * 100}{\text{Total assets}}$$

$$\text{Return on equity} = \frac{\text{Profit or loss for the year} * 100}{\text{Average equity}}$$
