Statement by management on the annual report

The supervisory board and executive board have today discussed and approved the annual report of Galecto Biotech ApS for the financial year 1 January - 31 December 2023.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the company's financial position at 31 December 2023 and of the results of the company's operations for the financial year 1 January - 31 December 2023.

In our opinion, management's review includes a fair review of the matters dealt with in the management's review.

Management recommends that the annual report should be approved by the company in general meeting.

Independent auditor's report

To the shareholders of Galecto Biotech ApS

Opinion

We have audited the financial statements of Galecto Biotech ApS for the financial year 1 January – 31 December 2023, which comprise income statement, balance sheet, statement of changes in equity and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January – 31 December 2023 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements, that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Penneo dokumentnøgle: VOS4J-QWEVE-QTQKY-0PE45-J54HB-ZVAMI

Independent auditor's report

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent auditor's report

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

Penneo dokumentnøgle: VOS4J-QWEVE-QTQKY-0PE45-J54HB-ZVAMI

Independent auditor's report

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on management's review

Management is responsible for management's review.

Our opinion on the financial statements does not cover management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read management's review and, in doing so, consider whether management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of management's review.

Management's review

Principal activities

The company renders research and development services to companies within the Galecto Group and has primarily financed its operations from income from such revenue.

Recognition and measurement uncertainties

The recognition and measurement of items in the annual report is not associated with any uncertainty.

Unusual matters

The company's financial position at 31 December 2023 and the results of its operations for the financial year ended 31 December 2023 are not affected by any unusual matters.

Development in activities and financial matters

The company's income statement for the year ended 31 December 2023 shows a profit of EUR 849.392, and the balance sheet at 31 December 2023 shows equity of EUR 8.243.407.

The company renders research and development services to companies within the Galecto Group and has primarily financed its operations from income from such revenue. Due to a restructuring plan within the Galecto Group, the company has implemented a workforce reduction, resulting in the dismissal of 70% of its existing headcount to align its costs with the anticipated future level of activity. Therefore, the company's activity in the second half of 2023 has been affected by the restructuring plan, which adapted its cost structure to the expected level of future activity. The associated severance costs total EUR 2.488.409 and have been accounted for within wages and salaries. Following the changes, the company is well-positioned for the future and will continue to deliver services to companies within the Group.

Significant events occurring after the end of the financial year

No events have occured after the balance sheet date to this date, which would influence the evaluation of this annual report.

Expected development of the company, including specific prerequisites and uncertainties

We expect a lower level of activity in 2024 compared to 2023, driven by the restructuring plan within the Galecto Group. The management expects a result before tax in the range of EUR 500.000 to 800.000 for the financial year 2024.

Penneo dokumentnøgle: VOS4J-QWEVE-QTQKY-0PE45-J54HB-ZVAMI

Management's review

The company's knowledge resources if of particular importance to its future earnings

With our science and knowledge at the center of our business, we have a team of knowledgeable and highly skilled employees who are crucial to the success of our business. As we strive to be an employer of choice and maintain the strength of our workforce, we consistently assess the current business environment and labor market to refine our compensation and benefits programs and other resources available to our employees. We are committed to investing in the development of our people and creating an environment where diverse perspectives and backgrounds are encouraged and supported. We host weekly company-wide sessions where ideas are discussed, feedback on corporate initiatives is received, scientific breakthroughs are shared, and other corporate updates are provided. Our people's voices are central to identifying how we, as an organization, can strengthen the organization further and maintain high retention. We consider our relationship with our employees to be strong.

Impact on the external environment and measures taken to prevent, reduce or mitigate damage

The company fulfills the requirements of the environmental legislation. Considering the nature of the company, the direct environmental impact is very limited.

Foreign branches

Galecto Biotech ApS - UK Branch was established in January 2021. The branch is providing project management and pharmacology services to Galecto group companies.

Accounting policies

The annual report of Galecto Biotech ApS for 2023 has been prepared in accordance with the provisions of the Danish Financial Statements Act concerning reporting class C (medium).

The accounting policies applied are consistent with those of last year.

Omission to present a cash flow statement

The cash flow statement has not been presented, cf. Danish Financial Statements Act section 86(4). The cash flow statement is included in the consolidated accounts for Galecto Inc., which can be obtained from the following website: https://ir.galecto.com/sec-filings/sec-filing/10-k/0000950170-24-028610

Presentation currency

The financial statements are presented in EUR.

Basis of recognition and measurement

Income is recognised in the income statement as earned, including value adjustments of financial assets and liabilities. All expenses, including amortisation, depreciation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. On subsequent recognition, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated as the historic cost less any installments and plus/less the accumulated amortisation of the difference between the cost and the nominal amount.

On recognition and measurement, allowance is made for predictable losses and risks which occur before the annual report is presented and which confirm or invalidate matters existing at the balance sheet date.

Income statement

Gross profit/loss

In pursuance of section 32 of the Danish Financial Statements Act, the company does not disclose its revenue.

Penneo dokumentnøgle: VOS4J-QWEVE-QTQKY-0PE45-J54HB-ZVAMI

Accounting policies

Gross profit reflects an aggregation of revenue and other operating income less directs costs and other external expenses.

Revenue

The company has chosen IAS 11/IAS 18 as interpretation for revenue recognition.

Revenue comprising income from research and development services provided by Galecto Biotech ApS to related parties, is recognised in the income statement provided that delivery and transfer of risk to the buyer have taken place before year end and that the income can be reliably measured and is expected to be received. Revenue is measured excluding VAT and taxes charged on behalf of third parties.

Direct expenses

Direct expenses include the direct attributable costs used in generating the year's revenue.

Other operating income

The item Other operating income includes items of a secondary nature relative to the company’s activities, including gains on the sale of plant and equipment. The item also includes income from R&D Expenditure Credit (RDEC) in the United Kingdom, which is a tax incentive designed to reward businesses for investing in research and development in the United Kingdom. UK tax incentives have been presented in accordance with IAS 20 as other operating income as opposed to presentation as income taxes.

Other external expenses

Other external expenses include expenses related to the company's primary activities incurred in the year, including expenses to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

Other external expenses also includes research and development costs that do not qualify for capitalisation.

Staff costs

Staff costs include wages and salaries, including compensated absence and pensions, as well as other social security contributions, etc. made to the entity's employees. The item is net of refunds made by public authorities. Staff costs also include shared based compensation that is issued by Galecto, Inc. In the balance sheet, shared based compensation is recognised under group receivables or payables with Galecto, Inc.

Accounting policies

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year. Net financials include interest income and expenses, realised and unrealised gains and losses on payables and transactions denominated in foreign currencies.

Tax on profit/loss for the year

The current and deferred tax for the year is recognised in the income statement as tax on the profit/loss for the year with the portion attributable to the profit/loss for the year.

The company is jointly taxed with Galecto Biotech AB. In connection with the settlement of joint taxation contributions, the current Danish income tax is allocated between the jointly taxed enterprises in proportion to their taxable incomes. This means that enterprises with a tax loss receive joint taxation contributions from enterprises which have been able to use this loss to reduce their own taxable profit.

Balance sheet

Tangible assets

Items of other fixtures and fittings, tools and equipment are measured at cost less accumulated depreciation and impairment losses.

The depreciable amount is cost less the expected residual value at the end of the useful life.

Cost comprises the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use.

Straight-line depreciation is provided on the basis of the following estimated useful lives of the assets:

Other fixtures and fittings, tools and equipment	5-7 years

The company capitalizes costs related to purchase of equipment above EUR 22,000 per individual piece of equipment.

Accounting policies

Impairment of non-current assets

The carrying amount of Other fixtures and fittings, tools and equipment is tested annually for indication of impairment other than the decrease in value reflected by amortisation/depreciation made.

Write-down is made to the lower of the recoverable amount and carrying amount. The recoverable amount is the higher of the net selling price of an asset and its value in use. The value in use is calculated as the present value of the expected net cash flows from the use of the asset or the group of assets.

Previously recognised impairment losses are reversed when the reason for recognition no longer exists.

Receivables

Receivables are measured at amortised cost. The company has chosen IAS 39 as interpretation for impairment write-down of financial receivables.

Write-down for bad and doutful debts is made when there is objective evidence that a receivable or a portfolie of receivables has been impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

Prepayments

Prepayments recognised under 'Current assets' comprises expenses incurred concerning subsequent financial years.

Leases

The company has chosen IAS 17 as interpretation for classification and recognition of leases.

Payments relating to operating leases and any other leases are recognised in the income statement over the term of the lease. The company's total liabilities relating to operating leases and other leases are disclosed under contingencies.

Income tax and deferred tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the basis of the taxable income for the year, adjusted for tax paid on account.

Joint taxation contributions payable and receivable are recognised under group receivables or payables in the balance sheet.

Penneo dokumentnøgle: VOS4J-QWEVE-QTQKY-0PE45-J54HB-ZVAMI

Accounting policies

Deferred tax liabilities and tax assets are recognised on the basis of all temporary differences between the carrying amounts and tax bases of assets and liabilities. Deferred tax assets are recognised, following an assessment, at the expected realisable value through offsetting against deferred tax liabilities or elimination in tax on future earnings.

Liabilities

The company has chosen IAS 39 as interpretation for recognition and measurement of liabilities.

Liabilities are measured at amortised cost, which is usually equivalent to nominal value.

Frozen holiday funds presented as non-current other payables is measured at net realisable value, including indexation. Indexation is recognised in the income statement as interest expenses.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and at the date of payment are recognised in the income statement as financial income or financial expenses.

Financial Highlights

Definitions of financial ratios.

Return on assets	$\frac{\text{Profit/loss before financials x 100}}{\text{Average assets}}$
Solvency ratio	$\frac{\text{Equity at year end x 100}}{\text{Total assets}}$
Return on equity	$\frac{\text{Net profit for the year x 100}}{\text{Average equity}}$
Current ratio	$\frac{\text{Current assets total x 100}}{\text{Short-term liabilities}}$
